Community Energy

Locally owned renewable energy for our communities

Llangattock Green Valleys CIC

We're seeking your views on the potential for local community-owned renewable energy generation and storage in the rural communities around Crickhowell.

We've got plenty of ideas for how this could work. But we want to hear your thoughts - and your concerns - about the impact of community-scale schemes in our area.

Tell us what you think

Come along to one of our consultation events to find out more and give us your views. See overleaf for details...

The plan

Our aim is to have a mix of technologies (such as solar, hydro, wind, battery storage), to give us a year-round supply of energy, regardless of whether the sun is shining or the wind is blowing.

We're also hoping to meet local individuals keen to get involved.

And the idea is that we all have a stake in these schemes, so we keep profits local and everyone benefits.

Come along

to one of our events where we'll have tea, coffee and some excellent cake.

**Llangattock Community Hall,
NP8 1PH**

Saturday 11th May 10.30am - 1.30pm

**Glangrwyney Village Hall,
NP8 1EF**

Saturday 8th June 10.30am - 1.30pm
